

EnCana Foster Creek SAGD Presentation - Abstract

**Lloydminster CIM Petroleum Society Meeting
May 18, 2005 - Bonnyville, AB**

This presentation will consist of a review of the EnCana's Foster Creek SAGD Pilot Project history and the development of the Foster Creek SAGD Commercial Project. It will overview the Foster Creek Geology and Reservoir. There will be an overview of SAGD – Steam Assisted Gravity Drainage and the Production methods (Gas Lift and ESP) employed to produce our SAGD Well Pairs. A short explanation our Plant and Field Production Facilities design and short term expansion plans.
